

## Extension Activity Programme

On 5 July 2021 a program was done under extension activity scheme by the B.Sc Final year Anthropology students at Ruabandha Higher Girls School, Bhilai. In which college students provided corona related behavior and other information to the school students such as information related to masks, sanitizers, social distance etc. to avoid corona, and "2 Gaj distance and mask is necessary" of this message. By following this message, advice was given to keep your life safe in the future. Along with this, in case of health related problems such as cold, cough and fever, it was directed to consult a doctor immediately, Masks were also distributed by the students to the school girls.
