

## World cancer day (2020-21)

The world cancer day is marked on 4<sup>th</sup> of February every year to spread awareness about cancer, to encourage its prevention, detection and treatment. This day was also celebrated by the department of chemistry, of GOVT. V.Y.T.PG Autonomous College, Durg. The theme for this year 2021 was "I Am and I will". The students of M.Sc. previous and final were actively participated in this awareness campaign. The function was addressed by Dr. Anupama Asthana, the head of the department. Ms Ujjwala Dewangan from M.Sc. previous explained the causes where Ms Shaba Khan told about the precautions regarding this. Ms Pragati Agrawal from M.Sc . final gave a presentation on Diagnostic methods of cancer through slides and Mr. Anirudh Bhattacharya from M.Sc. final gave a speech on Cancer and Nanotechnology.

### WHAT IS CANCER

It is a group of diseases Involving abnormally growth of cells, with the potential to invade or spread in body
