

DEPARTMENT OF BIOTECHNOLOGY
Workshop/ Seminars/ IPR/ Skill Development Programme
SESSION 2016-17

1. 9-10th March 2017: Two days workshop on Bioinformatics (Dept. Of Biotechnology & Sai Bioinfosys, Nagpur)

Report: A 2days workshop on 'BIOINFORMATICS' was organized in the department of biotechnology in collaboration of 'Sai Bioinfosys Bioinformatics Research Centre', Nagpur on 9th, and 10th March, 2017. All the members of the Society of Biotechnology (M.Sc. previous and final students) have participated in the workshop, besides Research Scholars of the department have also actively participated. The inaugural session of the workshop was presided by the Principal of the college in Vivekananda Hall on 9th March at 11am and the valedictory session was solemnized on 10th March at 4pm.

The purpose of the workshop was to meet the demand of industry for absorption of students. So it was direct industrial training to students. Under the 3 days workshop following themes were covered-

- Data Analysis, Comparison and Retrieval
- FASTA and BLAST
- Restriction Digestion Mapping
- Plasmid Designing
- Protein Modeling.
