

DEPARTMENT OF BOTANY

Activities conducted in the department

Date: -23/07/2020

Aim- To celebrate Hareli festival by plantation programme

Objective- plant new saplings around the college campus area

A plantation programme was organised by Dept of Botany on the occasion of Hareli festival. All MSc students took part in the activity in the presence of all faculties. Plants of different genus and species are planted which ensures the variety and greenery around the campus.

Outcome- Plantation program encouraged the students to perform planting trees time by time and also helped them in studying different plant species types.
