INTRODUCTION TO THE PROGRAMME

The natural and man-made disasters often involve a fatal combination of forces of natural and human error. Disasters strike with sudden violence, tearing bodies, destroying lives, families and structures apart. India has a dubious history of being hit by at least one major disaster every year. This alarming regularity calls for some strategies to mitigate the effects of disasters by taking into account disaster preparedness measures and also by emphasising upon systematic post-disaster rehabilitation activities. Thus to be effective, disaster management needs to be implemented as a comprehensive and continuous activity and not as post-disaster specially built mainly as a strategy to individual disaster circumstances and effects. Government V.Y.T. PG Autonomous College can play a crucial role in providing education in the field of disaster management.

The Certificate Programme in Disaster Management (CDM) aims at providing knowledge to the learners in the areas of disaster preparedness, prevention, mitigation, relief, reconstruction and rehabilitation.

Scheme of Certificate in Disaster Management (CDM) Session 2020-2021 will be introduced from this session. The CMD is offered by the Govt. V.Y.T. PG Autonomous College, Durg (C.G.) through the medium of both English and Hindi. The syllabi and scheme of examination are detailed below:

Minimum Duration: 6 Months

Maximum Duration: 2 Years

Eligibility: 10+2 from any recognized secondary education board of any state of India.

Medium: English or Hindi

Maximum Age: 25 years.

Course objectives

This Certificate Course in Disaster Management is designed to impart domain knowledge, values, capacities and skills to:

1. Demonstrate a critical understanding of key concepts in disaster risk reduction and Humanitarian response.
2. Understand and appreciate the specific contributions of the International/ National/ State Red Cross and Red Crescent Movement to the practice and conceptual understanding of disaster Management and humanitarian response and their significance in the current context.
3. Recognize issues, debates and challenges arising from the nexus between paradigm of Development and disasters.
4. Critically evaluate disaster risk reduction and humanitarian response policy and practice from multiple perspectives.
5. Develop an understanding of standards of humanitarian response and practical relevance in specific types of disasters and conflict situations.
6. Critically understand the strengths and weaknesses of disaster management approaches, planning and programming in different countries, particularly their home Country or the countries they work in, and
7. Respond to disaster risk reduction initiatives and disasters in an effective, humane and sustainable manner.

In Certificate in Disaster Management (CDM) shall be two theory papers each of 70 marks and assignments will be of 30 marks, thus total marks in the course will be 250. The student will have to do case study or write a review article or do project work after consulting the faculty of Geology department and it will have a weightage of 50 marks.

2023 – 2024

Minor component of the evaluation system

Assignments: -Submission of assignments is compulsory. Assignments of a Course carry 30% weightage. Student will have to submit one assignment for each paper. Students will not be allowed to appear for the final examination for a CMD, if they do not submit the assignment in time. If student do not get a passing marks in any assignments student have to submit it again.

Major component of the evaluation system

Theory Paper:- Theory paper carries 70% weight age in the final result. In case, student fail to secure a pass score (40% marks) in the final examination, student will be eligible to reappear in the next year final examination for CMD.

EVALUATION

Evaluation consists of two parts: 1) assignments, and 2) final Examination. In the final result, assignment of a CMD carries 30% weightage, While 70% weightage is given to final examination, Following is the scheme of awarding divisions and grades:

Division	Percentage Range	Grade
First	80 and above	A - Excellent
First	60 to 79.99	B- Very Good
Second	50 to 59.99	C - Good
Pass	40 to 49.99	D - Satisfactory
Unsuccessful	Below 40	E - Unsatisfactory

Students are required to score at least 40% marks in assignments as well as final examination separately. In the overall computation also, student must get at least 40% marks in each paper to claim the Certificate in CMD.
