ONLINE NATIONAL SEMINAR ON HIMALAYAN REGION ECOLOGY, CULTURE AND GEOPOLITICS . 23 Feb 2024

ABOUT SEMINAR

Himalaya is our natural sentinel from its origin. It is the source of our rivers from Indus, Ganga, to Brahmaputra. It is full of minerals and other natural resources. It passes were silk routes for our traders and were gateways to China, central Asia and other places. Besides this, Himalayan region has a very important geo-physical position for world politics, from 19th century to cold war, and even after cold war it has very serious geo-political relevance and implications for Indian security. Any activity and change directly affects Indian interests, whether it is ecological, physical, or political. Countries of Himalayan region have common linkage with respective interests. Therefore the Department of political science is organising the national seminar on this relevant topic so that academia of the nation could discuss it pathologically and present their view.

हिमालय अपने उत्पत्ति से ही हमारा प्राकृतिक बरत है। यह हिन्दू, मुग़ल के लेकर ब्रह्मपुत्र तक हमारे नदियों का स्रोत है। यह खनिजों और अन्य प्राकृतिक संसाधनों से भरपूर है। इसके बारे हमारे व्यापारियों के लिए रेशम मार्ग से और चीन, मध्य एशिया और अन्य स्थानों के प्रवेश द्वार थे। इसके अलावा, 19वीं सदी के लेबर और युद्ध तक, हिमालय क्षेत्र की भू-राजनीतिक स्थिति बहुत महत्वपूर्ण रही है और और युद्ध के बाद भी भारतीय सुरक्षा के लिए इसकी भू-राजनीतिक प्रासंगिकता और महिमा बहल रही है। कोई भी राजीव और परिवर्तन और और पर भारतीय हितों को प्रभावित करता है, चाहे वह सांस्कृतिक, भौतिक या राजनीति हो। हिमालय क्षेत्र के क्षेत्रों का अर्थ-आर्थिक हितों के समुदाय परस्परिक जुड़ाव है। इसलिए, राजनीति विज्ञान विभाग इस प्रासंगिक विषय पर राष्ट्रीय सेमिनार का आयोजन कर रहा है ताकि देश के विद्वानों इस पर महत्वपूर्ण चर्चा करें और अपना विचार प्रस्तुत कर सकें।
