himself warm in the bitter coldness. Later tree wood was also used and is still used to make boats. Trees not only give us fruits but they are also the base of the paper industry. They are used to make match sticks, doors, furniture and decorative material for houses and offices. Trees prevent floods by stoping soil erosion. Trees absorb carbon di-oxide and release oxygen. Thus they maintain oxygen balance in the air. Trees give shelter not only to wild beasts an trees. We get medicines from many plants like acacia, cinchona etc. Our government has taken certain steps to increase the area of forests so as to keep the earth green. “Vanmahotsav” is celebrated to inspire people to grow trees.
