Subject: Information Session on Gandhi Fellowship Program (For UG Final Year Students)

All UG Final Year students are hereby informed that an information session on the Gandhi Fellowship Program is being organized as per the details given below:-

Gandhi Fellowship Program

The Gandhi Fellowship began over two decades ago to nurture new-age leadership in young people. While classrooms build technical skills, the world demands more-Creativity, Empathy, Resilience and Collaboration. In today's volatile, complex world of health crisis, climate change and unending conflicts, these qualities are more urgent than ever. Every challenge is an opportunity for leaders who can adapt and keep learning. The Gandhi Fellowship is that space- a platform to discover purpose, spark solutions, create leaders for India and the world. **A journey not just to follow, but to lead.**

It is a 23-month, full-time residential program that works in close collaboration with government systems to contribute towards the national vision of 'Viksit Bharat'. Fellows are placed at the district and state levels, where they act as a bridge between communities and government stakeholders. They work on grounds to understand grassroots realities, support innovation, and contribute to problem-solving aligned with the priorities and vision of various governing bodies. The fellowship offers participants a unique opportunity to gain deep exposure to India's public systems beyond conventional academic learning.
