

"Be the change you wish to see in the world".

What is Gandhi Fellowship Program?

Gandhi Fellowship Program offers nation's promising youth an opportunity to solve India's most pressing problems in education, health and tribal communities by working closely with government officials. It is a 2-year full time residential fellowship program that helps young people connect to the grassroots, understand issues first-hand, and implement innovative solutions to cause change in self, system and society.

The program follows an extensive experiential curriculum focused towards developing 21st century skills.

Why is Gandhi Fellowship Program required in the present times?

The Gandhi Fellowship Program aspires to prepare the young minds of India to flourish in this VUCA world by developing their skills simultaneously creating an impact on ground.

- ❖ **Volatile**, is about the increasing pace of change, be in the industry or in the world in general. Everything is changing rapidly around us.
- ❖ **Uncertain**, is about the extent that we can reasonably predict the future. It is becoming harder and harder to forecast what is going to happen and the likelihood of surprises has risen.
- ❖ **Complex**, is about the multiple interconnected problems we face. Hence, superior decision-making

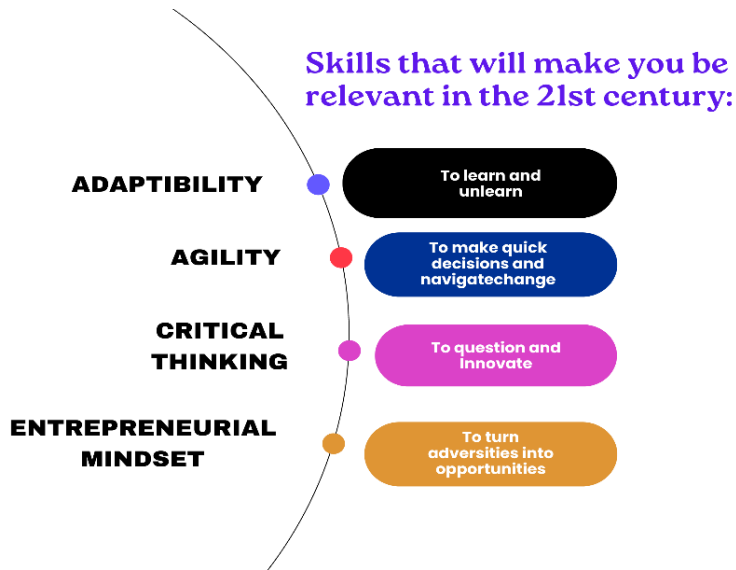

A FELLOW'S JOURNEY!

skills are needed to avoid the butterfly effect leading to unforeseen consequences.

- ❖ **Ambiguous**, is the dearth of clarity regarding a situation to make an informed decision about it. Information may be inaccurate, incomplete, or contradictory to draw definite conclusions.

How do we aim to build youth and make them future proof?

The Gandhi Fellowship Program offers youth a transformative experience, equipping them with essential skills for success in today's complex world. Through hands-on learning, mentorship, and exposure to real-world challenges, fellows gain practical knowledge and a profound understanding of societal issues. Going beyond traditional education, the program nurtures **21st century skills** ensuring fellows emerge not only academically enriched but fully prepared to make a meaningful impact in self and system.
