SEVEN DAYS RESEARCH METHODOLOGY COURSE IN SOCIAL SCIENCES WITH APPLICATIONS OF SPSS

From 27th October to 2nd November 2023

Organized by

Department of Economics

Govt. V.Y.T. PG Autonomous College, Durg (C.G.)

Patron / Principal

Dr. R.N. Singh

Course Coordinator

Dr. Shikha Agrawal

Prof. & Head, Department of Economics

Co-Coordinator

Dr. A.K. Khan

Dr. K. Padmawati

Dr. Anshumala Chandangar

Resource Person

Dr. Ranu Agrawal

Dr. Nilesh Tiwari

Tel : (0788) 2359688

Email: pprinci2010@gmail.com

Date : 27 Oct 2023 to 02 Nov 2023

Timing : 11:00 am to 2:00 pm

ELIGIBILITY CRITERIA

Professor/Assistant Professor/M.Phil./ Ph.D./PDF in social sciences and Science disciplines of Govt. V.Y.T. PG Autonomous College, Durg (C.G.)

REGISTRATION FEES

No registration fee

VENUE

Department of Computer Science
Govt. V.Y.T. PG Autonomous College, Durg (C.G.)

TECHNICAL SUPPORT

Department of Computer Science

OBJECTIVES OF THE RMC THE OBJECTIVES OF THE COURSE ARE TO

- Develop among participants a comprehensive understanding towards application of scientific research methodology.
- Provide an overview of the concepts and theories of research methodology used in scientific research (Quantitative and Qualitative).
- Get exposure of various research methods, and their process and step involved in research.
- Develop scientific understanding among the researchers about different tools and techniques of a research connecting it with their on-going research.
- Provide hands on training to the participants about use of statistical techniques in data analysis using SPSS and other statistical software in the field of social sciences.
- Strengthen knowledge among researchers regarding qualitative data analysis technique.
- Enhance the analytical skills among researchers for writing research reports

TOPICS TO BE COVERED IN THE RMC

- Research concept, types, steps, and review of related literatures.
- Variables, objectives and hypothesis.
- Population, Sampling and research tools.
- Quantitative and Qualitative research and types.
- Para-metric and non-parametric test in research.
- APA style of report writing and referencing.
- Research reports and publication ethics.
- Use of statistical techniques in data analysis using SPSS.

EXPECTED OUTCOMES OF THE RMC

AFTER COMPLETION OF THE COURSE THE RESEARCHER WILL BE ABLE TO

- Explore thrust areas of research leads to the sense of inquiry and capability of research.
- Identify various sources of the research problem.
- Recognize various sources and applications of review of related literature. Demonstrate and applying skills and competencies of various research methods and process of research.
- Identify and label different types of variables.
- Formulate research objectives and hypothesis.
- Develop an efficient research-design based on identified variables.
- Justify sample and sampling techniques in research.
- Identify and select appropriate research tools and techniques.
- Demonstrate statistical calculations and interpretation of results.
- Exposure to INFLIBNET and its services through field visit.
- Communicate the research clearly and precisely through research proposal, report and publications.
- Demonstrate reference writing skill in different style.
- Inculcate research and publication ethics.

Important Dates

Last Date of Registration : 25 Oct 2023

Dates of the Course : 27 Oct 2023 to 2 Nov 2023

Original registration form should be produced on the first day of RMC.

1. M.Phil./Ph.D./Ph.D. /PDF Registration certificates.
2. A write up stating the reasons for participation in the course (in 500 words).

CPE Phase- III By UGC

Awarded Star College by DBT, New Delhi

Seven Days Research Methodology Course in Social Sciences with
Applications of SPSS

From 27th October to 2nd November 2023

Organized by
Department of Economics, Govt. V.Y.T.P.G. Autonomous College, Durg (C.G.)

A REPORT

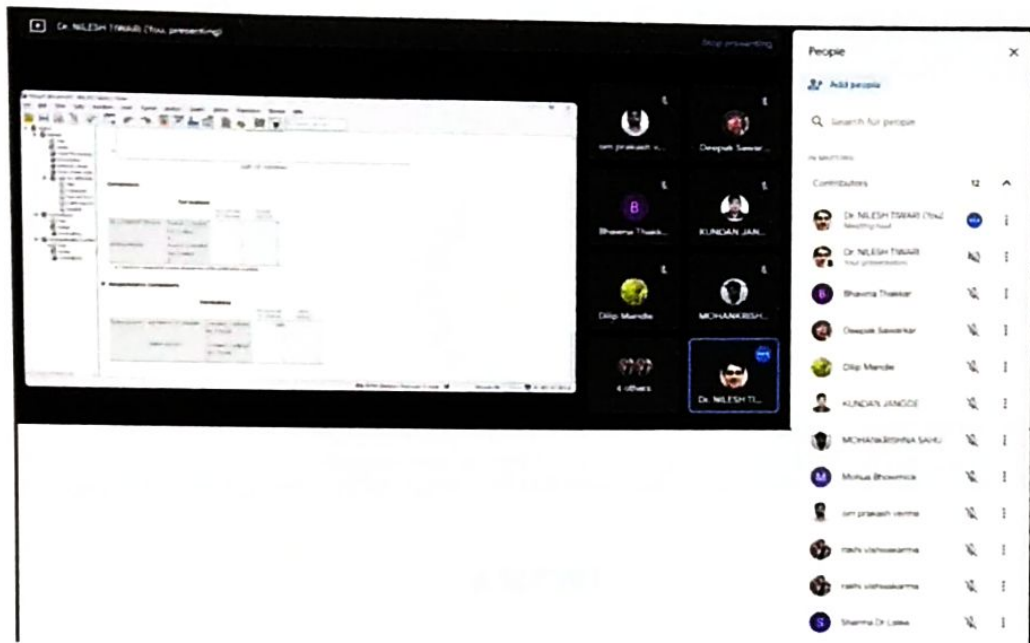

A workshop on Research Methodology Course in Social Sciences With Applications of SPSS was organized from 27th October to 2nd November 2023 by the Department of Economics, Govt. VYTPG Autonomous College, Durg (C..G.). Dr. Ranu Agrawal and Dr. Nilesh Tiwari was the resource person for the two day workshop. The objective of the workshop was to develop among participants a comprehensive understanding towards application of scientific research methodology and provide hands on training to the participants about use of statistical techniques in data analysis using SPSS software for data analysis. The need for such training workshop was felt after successful procurement of this licensed software by the Department of Economics. The direct beneficiaries of this workshop were the Assistant Professors, researchers and students also to better performance on their projects, on their empirical research work and completion of their final year dissertation work. The workshop received an overwhelming response in terms of student and faculty participation.

The first day of the workshop began with the garlanding Goddess Saraswati following that warm welcome with the anchor Abha Kujur who are research scholar in economics. The workshop started with a welcome address by Dr. Siddiqui, incharge principal, Govt. V.Y.T.P.G. Autonomous College Durg, who welcomed and encouraged the participants to make the best use of workshop, he narrated a beautiful story related to statistics to the participants in his welcome lecture. After this Prof. Shikha Agrawal (Head, Department of Economics and organizer of the workshop) shared his thoughts related to the workshop. After inaugural session first technical session has been started with the Introduction of Research and installation of trial version of SPSS software to the participants laptop.

second day Research types and entry of questionnaire topics has been taken by the resource person in two sessions. the participants freely asked their questions to resource persons every day and they get satisfactory answers. in the subsequent sessions, theoretical and practical classes were taken on research types, research design, Hypothesis formulation, hypothesis testing, normality and reliability test, correlation, regression analysis and research ethics respectively. all the participants were provided with workshop material as well as web link to

download SPSS software trail version.
