AWARENESS ACTIVITY (10 -15 MAY 2021)

In Government Vishwanath Yadav Tamaskar Autonomous College, Durg, a five-day online awareness campaign was organized by the joint efforts of IQAC, Youth Red Cross and National Service Scheme from May 10 to May 15, with the main objective of providing people belonging to rural areas from Covid-19 prevention and vaccination. This online awareness campaign was completed through online slogan and poster competition in which students had to make posters related to Covid-19 and vaccination and put them in a public place and upload their picture. The students of the college participated with great enthusiasm in this online competition. Speaking on the occasion, IQAC Coordinator Dr Jagjeet Kaur Saluja said that this is a good initiative and also a special need of this time, so that more and more people can get vaccinated and help save lives. The participation of students with online studies at home is commendable, in this competition, the students put up slogans and posters in a very beautiful way in public places and expressed their feelings. Beautiful posters and slogans were seen one after the other, which proved the significance of the competition..

According to IQAC member Dr. Abhishek Mishra, in this online slogan competition, MSc 1st Semester Biotechnology student Neha Chandrakar got the first position by putting up her poster in Chandrakar Grocery Store Village Mungaser, BSc first year student Ekta Ramteke got the second position by putting her poster in Radhika Nagar Supela and Lalita Sharwa, a student of MA 1st semester English got the third position by putting her poster in the health center Khapri. In Online Slogan Competition, Umakant Sahu from M.Com 1st semester secured first position for “There is only one fodder for protection from Corona, 2 doses of vaccine and mask is Sahara” while Sandhya Deshmukh from MSc 1st semester Botany secured “Self-selves”. No and No scare others Make people aware of Coronavirus” Received second place. From M.Com 1st Semester Mridula Choubey got the third position for Eradicating Coronavirus, Vaccine to Every Person. Certificates were also given to all the participants participating in this competition and prizes would also be given by the college to the best performing students. Principal Dr RN Singh praised all the students for making the awareness campaign against COVID-19 and vaccination a success and sent best wishes to the students who performed excellently.

the school. If some of these students compulsorily join science and contribute to the progress of science in future, then the purpose of this program will be successful. Along with this, he told the students the importance of vaccine. The children were made aware of the safety of the vaccine so that they could motivate their home, relatives and the people around them to get the vaccine.

The importance of science in their daily life was explained to the students of the school by the faculty of the department, so that awareness and interest in science could be generated among the students. Quiz competition was also organized among the concerned students for their interest in science and the winning students were awarded with prizes. Masks and stationery were also distributed by the department to the students of the school for the prevention of corona. About the inventions related to physics by all the professors of the department and CV. Raman, H.J. Bhabha and Dr. APJ Giving examples related to the life of Abdul Kalam, he said how these Indian scientists raised the name of India in the whole world. Plantation of Guava, Gulmohar Rose, Ashok etc. was also done by the department in the school.

At the end of the program, School Principal Shri Ramanath Chandrakar thanked the entire department and said that it is a very commendable effort. This event will make it easier for the school children to choose their career. He said that his school is providing quality education to the students. All the credit goes to the teachers and teachers at the school.

IQAC Coordinator Dr. Jagjeet Kaur Saluja expressed happiness over everyone's participation in the program and said that in this Corona era, it is the need of the hour for the students to be online and mentally aware. Awareness and vigilance are the only way to prevent corona infection. Be careful, be transparent and follow covid rules. Principal Dr. RN Singh while wishing and encouraging all the students said that this is a very good occasion when the college professors try to share their experiences and guide them to the students of the school. In making the program a success, Dr. Purna Bose Dr. Jagjeet Kaur Saluja Dr. R S Singh, Dr. Anita Shukla, Sitieshwari Chandrakar, Dr. Abhishek Misra, Ranjana Kashyap, research student Sandhya Singh had special support.

दुर्ग। शासकीय विश्वनाथ यादव तामस्कर स्नातकोत्तर स्वशासी महाविद्यालय में आईक्यूएसी तथा भौतिक शास्त्र विभाग द्वारा सामाजिक विस्तार गतिविधियों के अंतर्गत शासकीय हाईस्कूल सोमनी विकास खंड-पाटन, जिला-दुर्ग में कोरोना जागरूकता अभियान चलाया गया। बताया गया कि कोरोना नियमों का पालन करते हुए कोरोना संक्रमण, टीकाकरण एवं विज्ञान के प्रति जागरूकता लाना ही इस अभियान का मुख्य उद्देश्य है। विभाग द्वारा स्कूली बच्चों को कोरोना संक्रमण, टीकाकरण और रोजगारमूलक शिक्षा के बारे में बताया गया। विभागाध्यक्ष डॉ पूर्णा बोस ने विद्यालय के प्राचार्य को धन्यवाद देते हुए कहा कि विद्यालय के बच्चों को विज्ञान के क्षेत्र से जुड़ी नवीनतम उपलब्धियों को प्रमुखता पूर्वक समझाया जाये। इनमें से अगर कुछ विद्यार्थी विज्ञान की प्रगति में अपना योगदान दे पाए तो इस कार्यक्रम का उद्देश्य सफल हो जायेगा। उन्होंने विद्यार्थियों को कोरोना से बचाव और वैक्सीन का महत्व बताया ताकि वे अपने घर, रिश्तेदार एवं आस पड़ोस के लोगों को वैक्सीन लगवाने के लिए प्रेरित कर सकें।

प्राध्यापकों द्वारा विद्यार्थियों को उनके दैनिक जीवन में विज्ञान का महत्व समझाया गया, जिससे विद्यार्थियों में विज्ञान के प्रति जागरूकता व रुचि उत्पन्न हो सकें। क्रिज प्रतियोगिता भी आयोजित करायी गयी एवं विजेता विद्यार्थियों को पुरस्कार दिया गया। विद्यार्थियों को कोरोना से बचाव हेतु मास्क एवं लेखन सामग्री का भी वितरण किया गया। विभाग के समस्त प्राध्यापकों द्वारा भौतिकी से जुड़े अतिष्कारों के बारे में तथा सी.टी. रमन, एच. जे. भाभा एवं डॉ ए.पी.जे. अब्दुल कलाम के जीवन से संबंधित उदाहरणों को बताते हुए कहा कि किस प्रकार इन भारतीय वैज्ञानिकों ने भारत का नाम पूरे विश्व में उंचा किया। विभाग द्वारा विद्यालय में अमरुद, गुलमोहर गुलाब, अशोक आदि का वृक्षारोपण भी किया गया।

कार्यक्रम के अंत में विद्यालय प्राचार्य रमानाथ चंद्राकर ने विभाग का धन्यवाद देते हुए कहा कि यह बहुत ही सराहनीय प्रयास है। इस आयोजन से विद्यालय के बच्चों को अपना कैरियर चुनने में सरलता होगी। उन्होंने कहा कि उनके विद्यालय द्वारा विद्यार्थियों को गुणवत्तापरक शिक्षा प्रदान की जा रही है। जिसका सारा श्रेय विद्यालय के अध्यापकों एवं अध्यापिकाओं को जाता है।

आईक्यूएसी संयोजक डॉ जगजीत कौर सलूजा ने कार्यक्रम में सभी की सहभागिता पर खुशी व्यक्त की और कहा कि इस कोरोना काल में विद्यार्थियों को आनलाईन एवं मानसिक रूप से जागरूक रहना समय की आवश्यकता है। जागरूकता व सतर्कता ही कोरोना संक्रमण से बचाव है। सावधान रहें, पारदर्शी रहें और कोविड नियमों का पालन करें। प्राचार्य डॉ आर.एन.सिंह ने समस्त विद्यार्थियों को शुभकामनाएं तथा उत्साहवर्धित करते हुए कहा कि यह बहुत ही अच्छा अवसर है जब महाविद्यालय के प्राध्यापकों द्वारा विद्यालय के विद्यार्थियों को अपना अनुभव बाटने तथा उन्हें मार्गदर्शित करने के लिए प्रयासरत रहते हैं। कार्यक्रम को सफल बनाने में डॉ आर एस सिंह, डॉ अनीता शुक्ला, सीतेश्वरी चंद्राकर, डॉ अभिषेक मिश्रा, रंजना कश्यप, शोध छात्रा संध्या सिंह का भी सहयोग रहा।

Response

Our department values inclusionary practices at multiple levels including its admission policy, where students from diverse cultures are admitted. We celebrate and protect cultural, regional, linguistic, communal, socio-economic diversities through Zoological society.

Students of department participated, bagged in the annual cultural programme organized by the institution, bagged 1st prize in duo dance, 3rd in group dance as well as two students bagged 3rd prize in anchoring.

During lockdown period in covid 19 pandemic our department organized several online activities, competitions, webinars and workshops etc. For students and non-students groups like covid awareness and environment protection.

1. Report: Awareness Rally and Street Play on World AIDS Day-1st December 2021

SESSION: 2020-21

The Youth Red Cross Society in association with the Ribbon Club ,NSS and department of MSW of the college organized a huge rally on 1st Dec,2021 to observe World AIDS Day. The aim was to generate awareness about the spread and prevention of HIV/AIDS. The volunteers of the YRC and MSW performed street play on the theme-‘Role of Youth in Prevention of HIV/AIDS ‘ within the campus and then the rally was flagged off by the principal Dr R.N. Singh. The volunteers were mentored by the program officers of all the units viz; Dr Tarlochan Kaur Sandhu, Dr Meena Maan , Dr Anshumala Chandangar and Dr Nisha Goswami along with the senior volunteers of YRC. The volunteers also displayed slogans , banners and placards as the rally progressed out of the campus.

EXTENSION ACTIVITIES

We consider three major duties of faculties of Higher Education,

1. Teaching
2. Research, and
3. Extension Activities

Under Extension activities our priority areas are-

- **Programme I (Enforcement years- 2016, 2017, 2018, 2019, 2020, 2021)**

Screening of prevailing hemoglobinopathy in our society, preferably, Sick cell Anaemia, Glucose- 6- phosphate dehydrogenase deficiency etc. and to conduct mass awareness programme to prevent its further spread. Under this extension service we have already established one Sick cell unit in our department which is serving people without any cost.

Fig. 1 B Showing sickle-shaped RBCs.

▪ Programme II (Enforcement years- 2017, 2018, 2019, 2020, 2021)

Detection of genetic diseases and variants from our society. Under this programme we have first time reported three new genetic variants (Mahidol, Chinese and Union) from human population of Chhattisgarh.

Besides, we are trying to establish major genetic variants from Chhattisgarh for Renal dysfunctions, Immunological disorders and hemoglobinopathy.

The alpha gene cluster (ζ , $\alpha 1$, and $\alpha 2$ along with pseudo-genes $\psi\zeta 1$, $\psi\alpha 1$ and $\psi\alpha 2$) present on chromosome 16 p13.3. The beta gene cluster on chromosome 11 p15.4 with the ϵ , γ and δ and β genes, arranged in the order of their developmental expression. HS-40 = Hypersensitive site-40, β -LCR = β -Locus control region (upstream regulatory elements).

Fig. 2 - SCD and Vaso-occlusion. A single nucleotide substitution (GAG→GTG) leads to the replacement of Glutamic acid with Valine in position 6 of the β -globin chain (HbS = $\alpha_2\beta_2^{Glu\rightarrow Val}$) resulting in a mutant form of Hb known as sickle Hb (HbS). The Polymerization of deoxy HbS initiates the complication of disease by injuring the sickled RBCs. Upon deoxygenation, RBC change their shape from a healthy round disk to a crescent or sickled shape. The sickled cells are rigid, and stickier than normal, healthy cells, so they consequently may stick to each other and tend to form clumps that get stuck in the blood vessels and obstruct blood flow and leads to vaso-occlusion and painful. Neutrophils, platelets, vascular endothelial cells and various cell adhesion molecules participate in vaso-occlusive event.

Other complications - Acute & Chronic pain, Anemia, Inflammation, Ophthalmic complication, Infection & Bacterial Sepsis, Transient aplastic crisis, Multisystem Organ Damage, Haemolytic crisis and Oxidative Stress.

▪ Programme III (Enforcement years- 2020, 2021)

In our state one village Supebeda of Gariyaband District is worst sufferer of Renal dysfunction and the reason is unknown. Out of 1200 population, nearly 150 have died and our government is seriously concerned for this problem. We are analysing heavy metals from blood & urine of sufferer and analysing their genome to detect cause of the problem to serve society and to help medical department and government. AIIMS Raipur is our collaborator in this work.

TEST RESULT

Inconclusive

A pathogenic variant was identified.

A pathogenic variant was identified in HBB gene that may explain the following patient's phenotype: sickled erythrocytes.

Gene	Variant	Classification	Disease
HBB	11-5248232-T-A NM_000518.5:c.20A>T (NP_000509.1:p.Glu7Val) Heterozygous	Pathogenic	Sickle cell anemia

Interpretation

The patient's phenotype is considered compatible with Sickle cell anemia, which is an autosomal recessive disorder. However, because only a single heterozygous variant was detected, a molecular diagnosis cannot be established at this time. Other genetic testing may be able to identify the second variant such as deletion, duplication and deep intronic variant that is not detectable by this test.

RESULT
INTERPRETATION

HBB NM_000518.5:c.20A>T (NP_000509.1:p.Glu7Val)

Population frequency	It is observed in the gnomAD v2.1.1 (https://gnomad.broadinstitute.org/) dataset at total allele frequency of 0.00348.
Variant type and location	None
Case-level data	The same variant was observed in multiple affected individuals with a consistent phenotype from unrelated families (PMID: 25023084, 25023083, 25023085). This variant was previously reported in trans with another pathogenic variant in this gene (PMID: 23591685, 29542687).
Functional and computational data	Functional assays showed that the variant had strong level of impact on gene/protein function (PMID: 1802884, 2296310, 28356267, 12124399). In silico prediction tools and conservation analysis predicted that this variant was probably damaging to the protein structure/function (3CNET: 0.83>=0.75).
Association with known pathogenic variant	Amino acid change identical to known pathogenic variant has been previously reported with established evidence (ClinVar ID: VCV000015333, PMID:3267215). Different pathogenic amino acid change has been reported with sufficient evidence at the same codon (ClinVar ID: VCV000015126, VCV000036301, PMID:19460936, 6129204, 8294201).
Relevance to disease	Sickle cell anemia
Validation	Not performed as the variant was high-quality
Conclusion	Pathogenic

Sickle cell anemia (OMIM: 603903)

Sickle cell anemia, associated with HBB gene, is an autosomal recessive disorder. Patients affected by the Sickle cell anemia present with pure red cell aplasia, persistence of hemoglobin f, increased red cell sickling tendency, bone marrow hypocellularity, increased mean corpuscular volume, chronic myelogenous leukemia, chronic hemolytic anemia, leukocytosis, microcytic anemia, hypochromic anemia, reticulocytosis, anemia, thrombocytosis, iron deficiency anemia, hemolytic anemia, priapism, sepsis, chest pain, cerebral palsy, pulmonary fat embolism, abnormality of pulmonary circulation, wheezing, night sweats, increased lactate dehydrogenase level, cough, pain, hypoxemia, fatigue, pigment gallstones, avascular necrosis, unconjugated hyperbilirubinemia, abnormal left ventricular function, poor appetite, elevated serum creatinine, respiratory failure, tachypnea, osteomyelitis, recurrent infections, recurrent bacterial infections, abnormality of the vasculature, hepatomegaly, pulmonary arterial hypertension, pneumonia, rigidity, abdominal pain, asplenia, splenomegaly, abnormality of the spleen, cardiomegaly, hepatic failure, cholestasis, stroke, intellectual disability, cholelithiasis, jaundice, osteoporosis, hypertension, hematuria, abnormality of the nervous system, retinopathy and renal insufficiency.

FINDING**

No pathogenic or likely pathogenic variant detected in 73 medically actionable genes for secondary reporting recommended by American College of Medical Genetics (ACMG) Guideline (Genet Med. 2021 May 20).

**TARGET REGION
COVERAGE**

Mean depth (X)	Target bp covered (%)				
	≥ 1X	≥ 5X	≥ 10X	≥ 20X	≥ 50X
138.10	99.2	99.0	98.9	98.8	96.6

METHODS

Genomic DNA was extracted from the blood, saliva, or buccal swab sample of a patient. All exon regions of all human genes (~22,000) were captured by xGen Exome Research Panel v2 (Integrated DNA Technologies, Coralville, Iowa, USA). The captured regions of the genome were sequenced with Novaseq 6000 (Illumina, San Diego, CA, USA). The raw genome sequencing data analysis, including alignment to the GRCh37/hg19 human reference genome, variant calling and annotation, was conducted with open-source bioinformatics tools and in-house software. The automatic variant interpretation software, EVIDENCE, was developed in-house to prioritize variants based on ACMG guideline (Genet Med. 2015;17:405-424) and the phenotype of each patient. This system has three major steps; variant filtration, classification and similarity scoring for patient's phenotype (Clin Genet. 2020;98:562-570). First, gnomAD (<http://gnomad.broadinstitute.org/>) as a population genome database and 3 billion genome database were used for estimating allele frequency. Common variants with minor allele frequency of >5% were filtered out in accordance with BA1 of the ACMG guideline (Genet Med. 2015;17:405-424). Second, we extracted evidence data on the pathogenicity of variants from a number of scientific literatures and disease databases including ClinVar (<https://www.ncbi.nlm.nih.gov/clinvar/>) and UniProt (<https://www.uniprot.org/>). Pathogenicity of each variant on its associated diseases were evaluated according to the recommendations of ACMG guideline (Genet Med. 2015;17:405-424). Third, the patient's clinical phenotypes were transformed to corresponding standardized human phenotype ontology terms (<https://hpo.jax.org/>) and accessed to measure the similarity (Am J Hum Genet 2016;98:490-9 and Am J Hum Genet 2009;85:457-64) with each of ~7,000 rare genetic diseases (<https://omim.org/> and <https://www.orpha.net/consor/cgi-bin/index.php>). The similarity score between each patient's phenotype and symptoms associated with that disease, caused by prioritized variants according to ACMG guideline, ranged from 0 to 10. Finally, medical geneticists and medical doctors manually evaluate the candidate variants and associated diseases. Single nucleotide variants that do not meet our stringent WES quality metrics and all indels are confirmed using bidirectional Sanger sequencing.

LIMITATIONS

1. Whole exome sequencing targets about 97% of the exon region in the human genome.
2. There are regions and genetic variants that cannot be technically covered by whole exome sequencing method.
 - Structural chromosomal aberrations including large copy number variation, translocation and inversion
 - Trinucleotide repeat expansion
 - Mitochondrial genome
 - Epigenetic factors
 - Low level mosaicism
 - Uniparental disomy
 - Variants in genes with corresponding pseudogenes or other highly homologous sequences, and non-coding regions including untranslated regions, introns, and intergenic regions
3. Results and interpretations were considered in context with clinical findings, phenotypes, family history of the patient. Genetic variations were reported only if they were relevant to the patient's clinical phenotypes. False interpretations may occur due to incorrect or incomplete clinical information reported for the patient. Additional genetic or non-genetic tests should be considered if results do not match the patient's clinical information.
4. Despite the daily update of our database on genes and diseases, the referenced information may not be up-to-date due to the constant addition of the new data. As the absence of reported pathogenic variants cannot be concluded that the patient's symptoms are not due to the genetic cause, we perform daily re-analysis until a diagnosis is made. Once a proper diagnosis is made, we will report it to the physician.
5. Sanger sequencing of biological parents is required for the segregation analysis on the identified pathogenic variants.
6. In the case of re-analysis or secondary finding, 3billion does not provide Sanger sequencing to confirm the identified variant.

This report has been reviewed and confirmed by our geneticists and physicians;

▪ **Programme IV (Enforcement years- 2016, 2017, 2018, 2020)**

We are working under our extension programme for detection of heavy metals in our soil and water of the society and its adverse health hazard impact on human population. Under this programme we have detected Arsenic contamination from Ambagharh Chowki of Rajnandgaon District and have correlated its impact on human population. We are also expecting Fluoride contamination from near Orrisa- Chhattisgarh border and presently analysing for that.

Our department was seriously concern for Air Quality Index influenced spread of COVID-19 epidemic, for that we have analysed and correlated the cases of COVID-19 with AQI of Chhattisgarh, Bihar and Madhya Pradesh and found NO₂ as most accelerating factor for hospitalization & need of ventilators of patients. We have also studied stress level among students during long lockdown period of epidemics.

Abstract

In this research, the long-run disease dynamics of the COVID-19 were studied concerning the Air Quality Index (AQI), PM-2.5, NO₂, PM-10, and O₃, respectively, by using eigen space decomposition. Change in COVID-19 related to AQI showed that initially when the AQI changed from 103 to 84.83 the disease dynamics also changed, and the first cases of COVID-19 were reported. In the next two fortnights from March 15, 2020, and April 01, 2020, the dynamics were the same, latter the AQI changed from 84.83 to 63.83, but this change does not affect the disease dynamics in long run from April 15, 2020, to Jul 15, 2020. In Phase-1 the time duration was from March 15, 2020, to May 01, 2020, and for Phase-2 the time duration was from Jun 01, 2020, to Jul 15, 2020. In phase 1 the solution obtained shows a cyclic trend with initially decreasing, then increasing, and again a decreasing trend for changes concerning PM-2.5. The disease dynamics concerning PM-2.5, NO₂, PM-10, and O₃, respectively, based on initial transition showed the same trend for PM-2.5, NO₂, and PM-10. Moreover, for O₃ the disease dynamics were found different than the other three parameters. The findings of the present study prove that the Eigen Space Decomposition method is one of the significant tools for planning control measures for disease with compatibility to air quality alterations.

Dear Students

It is our request to you to fill questions with a free and fair mind. The questionnaire deals with student's stress and health. Participation in this study is voluntary. At all times your identity will be kept confidential. The data will be used for scientific research purposes only or your data will be ascertained anonymously, treated strictly in confidence, and will be used exclusively for scientific purposes only. The purpose of the study is to ascertain the stress level among students influenced by the pandemic of COVID-19.

Topic of Discourse : **Importance of the Emotional Intelligence in the Virtual Classroom**

Dr. Rooble Verma, Head of the Department of Foreign Languages, Vikram University, Ujjain, M.P.

Topic of Discourse : **Teaching English for Science and Technology (EST) in Virtual World: Issues and Challenges**

Dhanashree Thorat, Assistant Professor of English, Mississippi State University.

Topic of Discourse : **Liberatory Pedagogy in the Online Classroom: Teaching during the COVID-19 Pandemic**

The panelists on the second day were :

Dr Nilakshi Roy: Vaze College, Mulund , Mumbai

Dr Madhu Kamra: Durga College, Raipur

Dr Meetu Bhatia Kapoor: Delhi.

The Online International Webinar was conducted on Zoom platform. The webinar was attended by more than 200 participants from India and abroad.

Outcome:-

The following outcomes were recorded after the webinar

1. New online teaching methods were discussed

2. Blended learning was seen as the best probable solution for the issues of the students who need the physical movement and better understanding of the subject that is involved in face to face classrooms.
3. New research must be done to address the diversity in the student population while online teaching.
4. There is no way that we can revert to face to face class completely even afterwards so the teachers also must learn and adapt the new methods of online teaching.

Emerging Challenges in Teaching Literature & Language in the Virtual World

Dates : 7th & 8th June, 2020

Teaching itself is a challenging job. The spread of COVID 19 has forced the teachers to experiment with new teaching methods. Online teaching or creating videos on preferred subjects was seen as an optional or alternative method of teaching but now all classrooms have shifted to the virtual space. The teacher now faces the additional challenge of learning the technology first. Teachers of both English Literature and language are facing this challenge. It would be a great idea for all of us to get together and discuss the challenges and find possible solutions that will be best for our students.

About the College

Founded in 1958, Govt V.Y.T.P.G. Autonomous College, Durg is the largest and most renowned college of Chhattisgarh. It is the only college of this region to be accredited with A+ by NAAC and has been recognized by UGC as the College with Potential for Excellence (CPE), receiving the grant under 3rd Phase of the Scheme. The college is a melting pot where diverse cultures of urban and rural India merge and it enjoys the unique status of catering to the needs of both the urban and the rural students. It also has the distinction of being one of the 20 prominent institutions across the country to have been selected for providing suggestions on National Higher Education Qualification Framework (NHEQF) of India.

The Department of English

Established in the year 1958, the Department of English has been identified as "Star Department" under UGC-CPE Scheme. It has eight permanent professors and offers courses at U.G., P.G. and Ph.D. levels. It is a recognized research centre by the University. In terms of infrastructure and resources the Department has a Language Lab, setup under CPE scheme of UGC. It is well equipped with ICT facilities, high quality software and books, CDs and DVDs along with other basic amenities.

उच्च शिक्षा में ऑनलाइन कक्षाओं का समायोजन स्वीकारना होगा : डॉ. पल्टा

दुर्ग, 7 जून (देशबन्धु)। उच्च शिक्षा के क्षेत्र में कोविड-19 के कारण परंपरागत कक्षा आयोजित न हो पाने के कारण ऑनलाइन क्लासेस, वर्चुअल क्लासरूम का प्रयोग हो रहा है। हम सभी को उच्च शिक्षा के क्षेत्र में हो रहे परिवर्तन को स्वीकारना होगा। ये उद्गार हेमचंद्र यादव विश्वविद्यालय, दुर्ग के अंग्रेजी विभाग द्वारा आयोजित दो दिवसीय इंटरनेशनल वेबीनार का उद्घाटन करते हुए प्रतिभागियों को संबोधित कर रही थीं। डॉ. पल्टा ने कहा कि वर्चुअल क्लासेस परंपरागत कक्षाओं का पूरक हो सकती हैं परन्तु पूर्ण सबसे उनका स्थान नहीं ले सकती। डॉ. पल्टा के अनुसार वर्चुअल क्लासेस के अनेक फायदे भी हैं जिन्हें स्वीकारते हुए हमें परिवर्तन के रचनात्मक रूप से स्वीकारना होगा।

इससे पूर्व वेबीनार की आयोजक डॉ. सोमाली गुप्ता ने आरंभ में वेबीनार के विषय "इमर्जिंग चैलेंज इन टीचिंग लिटरेचर एंड लैंग्वेज इन द वर्चुअल वर्ल्ड" की प्रासंगिकता पर प्रकाश डाला। डॉ. सोमाली ने कहा कि ऑनलाइन शिक्षण पद्धति हमारे भारत में शिक्षकों एवं विद्यार्थियों दोनों के लिये नई है। अतः दोनों तरफसे प्रयास किये जाने की आवश्यकता है। अंग्रेजी विभाग

की विभागाध्यक्ष डॉ. मीता चक्रवर्ती ने स्वागत भाषण दिया। प्राचार्य डॉ. आर. एन. सिंह की अस्वस्थता के कारण वे भीतिक रूप से वेबीनार में शामिल नहीं हो सके। उनका शुभकामना संदेश अंग्रेजी की प्राध्यापक डॉ. मुचित्रा गुप्ता ने पढ़ा।

साइंस कालेज में अंग्रेजी का इंटरनेशनल वेबीनार आरंभ

लगभग 10 देशों के 300 प्रतिभागियों ने इस इंटरनेशनल वेबीनार में हिस्सा लिया। प्रथम दिवस में रूस, अमेरिका, जार्जिया, सर्बिया, यूके, कनाडा, यूएई, तेह्रान, जर्मनी, फ्रंस आदि देशों के प्रतिभागियों के साथ-साथ भारत के 20 प्रदेशों के प्राध्यापक एवं शोधकर्ता शामिल थे।

वेबीनार के प्रथम स्रोत वक्ता के रूप में सर्बिया की यूनिवर्सिटी ऑफ़ निस की एसोसिएट प्रोफेसर डॉ. नाडेजा स्टोजकोविक ने "ऑनलाइन टीचिंग इन स्पेसिफिक परपज" विषय पर रोचक व्याख्यान दिया। डॉ. नाडेजा ने कहा कि अनेकता में एकता वाला भारत ऑनलाइन शिक्षण के माध्यम से भी विश्व में शिक्षा के क्षेत्र में विशिष्ट स्थान प्राप्त

कर सकता है। उन्होंने कहा कि कैंट्रिज वि.वि. में सत्र 2021 में पूरी पढ़ाई ऑनलाइन होगी। वेबीनार के दौरान पैन्ल डिस्कशन में प्रोफेसर मनीष श्रीवास्तव, डॉ. दीपविता श्रीवास्तव, डॉ. सविता सिंह, डॉ. मीनू भाटिया कपूर शामिल थीं। पैन्ल परिचर्चा का संचालनल साइंस कालेज दुर्ग की डॉ. मसी जाज ने किया।

दूसरे तकनीकी सत्र में मुख्य वक्ता डॉ. स्ट्यूट ऑफ़रडवांस स्टडीज इन इंग्लिश, पुणे के डायरेक्टर डॉ. अशोक थोराट ने "टीचिंग इन वर्चुअल वर्ल्ड - चिलिंडिंग लर्नर ऑटोनामी एंड इन्वोल्वमेंट" विषय पर सारगर्भित व्याख्यान दिया। डॉ. थोराट ने कहा कि भारत जैसे विकासशील देश में परंपरागत कक्षा से वर्चुअल ऑनलाइन शिक्षण पद्धति में परिवर्तन एक कदम चुनौती है। शिक्षक एवं विद्यार्थी दोनों इस पद्धति के विशेषज्ञ नहीं हैं। दोनों बस सीखने का प्रयास कर रहे हैं। प्रारंभ में हर अच्छे कार्य में कठिनाईयां आती हैं। हमें इसका सामना करना पड़ेगा। दोनों ही व्याख्यानों में लगभग 10 से अधिक प्रतिभागियों ने प्रश्न पूछे। विशेषज्ञों ने बड़े धैर्य से प्रतिभागियों की जिज्ञासा को शांत किया। वेबीनार के अंत में धन्यवाद ज्ञापन डॉ. कमर तलत ने किया। >> शेष पृष्ठ 9 पर >>

Session 2020-2021

Faculty Development Programme

Teaching, Learning and Research in Literature and Language

A REPORT

01.07.2020 -05.07.2020

The Department of English organised an Online 5 Day Faculty Development Programme on "Teaching, Learning and Research in Literature and Language" from 01.07.2020 to 05.07.2020. The Venue of the programme was Zoom platform. The programme was organised with the objective of addressing the new methods of teaching learning and research that have become a requirement due to the changes in teaching methods.

The Keynote speakers of the FDP were :

1. Dr. Ashok Thorat, Director, IASE, Pune, Maharashtra
2. Dr. Deepanwita Srivastava, Associate Professor, IGNOU, New Delhi
3. Dr. Dinesh Nair, Associate Professor, Vaze College, Mumbai, M.S.
4. Dr. Prantik Bannerjee, Associate Prof. , Hislop College, Nagpur, M.S
- 5 Dr. Rooble Verma, Associate Prof., Vikram University, Ujjain M.P.

Details about Programme :-After the international webinar on Emerging Challenges in Teaching and learning it seemed imperative that an FDP be organized. The expert faculty delivered lectures and gave guidelines on how to develop reading materials for online education, Research possibilities and funding and new areas of research.

Outcome:- The FDP brought in fresh perspectives on teaching , learning and research in the online system of education. Approximately 277 participants had joined the FDP. The participants were actively engaged in the Question & Answer session and the feedback received after the FDP showed that the participants have been greatly benefitted by the information about digital education, blended teaching, and new research areas.

Online Faculty Development Program Teaching, Learning and Research in Literature and Language

1st - 5th July, 2020

It is change, continuing change, inevitable change, that is the dominant factor in society today. No sensible decision can be made any longer without taking into account not only the world as it is, but the world as it will be. - Isaac Asimov

Times have changed and what was earlier a hobby or once a while indulgence has now become a compulsory aspect of our lives, and that is involving ourselves with the digital mode of Teaching, Learning and Research. Online classes, power point lectures, video lectures, online assessments have made it mandatory for us to equip ourselves with new skill sets. Hence, we have decided to organise a Faculty Development Program (also a requirement for promotion under CAS), in which we shall deliberate on Teaching, Learning and Research with focus on Language and Literature.

For whom: All Teachers and Scholars of Literature and Language.

Themes to be covered:

- Digital Humanities
- Pedagogy
- New Perspectives in Literature and Language
- Interdisciplinary Research
- Emotional Intelligence

A REPORT

04.05.2021

The Department of English, Govt.V.Y.T.PG. Autonomous College Durg, under the programme of International Cultural Exchange, organized an International Webinar on raising environmental consciousness- "Eco-Talks with Nilgun Pala", on Tuesday 4th May 2021. Ms. Nilgun Pala is an environmental activist, and the co-founder of Youth Innovation, an NGO based in London. Dr Prashant Shrivastava, DSW, Durg University was the special guest on this occasion. The programme started with the Program Coordinator Dr Somali Gupta's brief introduction to the concept of International Cultural Exchange, followed by Dr Shrivastava's address, after which Ms. Nilgun Pala addressed the students with her presentation and shared the work she is doing through her NGO. She spoke of the hazards of single use plastics and made the students aware of how we are destroying nature. She also spoke on the current covid situation world over and the excess garbage being produced because of the pandemic. She gave examples of, how to implement control and safety measures and invited the students to form groups and lead cleaning missions within their own areas. Her talk was followed by a question answer session in which the students participated actively. Nearly 135 students participated in the webinar from 16 different states including Jammu & Kashmir, Tamil Nadu, Assam and Punjab. Prof. Savita Singh from RSU Raipur, Prof. Savitri Tripathy from Bilaspur University, Dr. Poonam Nigam Sahay from Jharkhand, Nidhi Sood from Punjab, Dr.Panda from Odisha, and a few other eminent professors of other states were also present. The program was conducted by Mansi Yadu, student of B.Sc final, the introduction of the guest was given by Shri Manish Verma student of B.A.Final, and the vote of thanks was offered by Vaishali Dewangan, student of B.Sc. Final.

Feedback was taken from all participants and there was a demand for more such programmes to be organized. Certificate of participation was given to all the participants.

The objective behind organizing the lecture was to provide a deep understanding of the 'Post Colonial Theory' and its wider perspectives to study social, cultural and psychological impact after Colonialism.

Dr Abidi began his discourse defining the terms 'Post Colonialism' and 'Colonialism'. He said that Post Colonialism is basically a discourse of the marginalized, the wretched of the Earth (Franz Fanon), pilferation, power politics, linguistic dominance, hegemony, subjugation, feminist criticism. He described in detail the relation between the Colonizer and the Colonized which is mutual and unidirectional. He encapsulated Edward Said's 'Orientalism', Homi K. Bhabha's 'The Location of Culture' and 'The Other Question's four keys - Mimicry, Hybridity, Ambiguity and Fixity, quoting various examples from the literary texts. He described of his self created formula $T^3 + PS + SE + CB + CC + HS$ really mesmerized and enchanted the listeners as he explained these signs. T^3 - denoted the white, as T - denoted the black and T^3 will be the ideology of white man's burden. He quoted the Prospero Syndrome, Caliban's Curse. He said that 'The Tempest' is an allegory of post Colonialist

perspectives/discourse where the hierarchy has been dismantled. Prospero's claim that in exchange of the island he has given Caliban the gift of language is shown as the prototype of the order and Caliban's response - 'Is, I know how to curse'.

Dr Abidi also stressed as to how theories / theory is being dominated by foreign names - Foucault, Lacan, Said, Gayatri Spivak, H.K. Bhabha and many more. Indian intellectuals do not theorize they enjoy the fruits of modernity and then start theorizing. Towards the end of his discourse he said that the present time is to talk about fourth (IVth) World Literature, the subalterns, dalits, marginalized sections, gender parity, tribals, ecological issues, how to restore and conserve, resist, and assert which leads to self-realization - 'Decolonization' the process began long ago, no doubt.

He also answered a few questions asked in the Questionnaire session with the participants. The event ended with a note of gratitude extended by Dr Tarlochan Kaur Sandhu. More than 90 participants had joined the event.

Outcomes: The students and participants became familiar to post color theory, terms like colonialism, decolonization, hegemony, the response was highly appreciate

दुर्ग। शासकीय विश्वनाथ यादव तामस्कर स्वशासी स्नातकोत्तर महाविद्यालय के अंग्रेजी विभाग द्वारा सीएचएम कॉलेज, उल्हासनगर महाराष्ट्र के सहयोग से आयोजित छह दिवसीय संकाय विकास कार्यक्रम (एफडीपी) आज प्रारंभ हो गया। इसमें 21 राज्यों तथा 2 केन्द्र शासित प्रदेशों से 600 से अधिक प्रतिभागियों ने भागीदारी सुनिश्चित की है। साइंस

कालेज के प्राचार्य डॉ आरएन सिंह तथा सीएचएम कालेज की प्राचार्य डॉ मंजू लालवानी पाठक ने इसका संयुक्त रूप से उद्घाटन किया। डॉ पाठक ने शोध प्रक्रिया पर कोविड काल के प्रभाव की विस्तार से चर्चा की। उन्होंने कहा कि दोनों कालेजों ने साथ आकर इस चुनौती को फैंकल्टी डेवलपमेंट के अवसर में परिणत किया है, जो सुखद है। इससे न केवल प्राध्यापकों एवं शोधार्थियों में ऊर्जा का संचार होगा बल्कि काम करने के नए रास्ते भी खुलेंगे।

एफडीपी के प्रथम सत्र को संबोधित करते हुए स्रोत व्यक्ति डॉ अशोक थोराट ने शोध प्रक्रिया के विभिन्न चरणों को क्रमबद्ध करते हुए इसे आगे बढ़ाने के तरीकों की चर्चा की। उन्होंने शोधपत्र लिखते समय करने और नहीं करने वाले कार्यों को भी स्पष्ट किया। उन्होंने कहा कि गूढ़ अध्ययन के बाद प्रष्ठभूमि, अध्ययन, आंकड़े जुटाना, उपकरण एवं तकनीकों का विकास, समीक्षा एवं व्याख्या को इसी क्रम में करना चाहिए। स्रोतों का व्यक्तिगत अध्ययन तथा रचनात्मक प्रष्ठभूमि पर उन्होंने बल दिया। उन्होंने शोध करते समय करने और नहीं करने योग्य पांच-पांच बिन्दुओं की चर्चा की।

D.O.No.14-12/2021 (CPP-II)

29th May, 2021

Subject: World No Tobacco Day on 31st May, 2021

Respected Sir/Madam,

Every year, on 31st May, the World Health Organization (WHO) and global partners observe World No Tobacco Day (WNTD). The annual campaign is an opportunity to raise awareness on the harmful and deadly effects of tobacco use and second-hand smoke exposure, and to discourage the use of tobacco in any form. This year, the theme of World No Tobacco Day 2021 is "Commit to Quit".

In this regard, you are requested to kindly observe the "World No Tobacco Day" in your esteemed university and the affiliated colleges on **31st May, 2021** and organize a pledge-taking ceremony in a befitting manner following strict adherence to the Government Guidelines/Protocols on COVID-19. A copy of the pledge in English and Hindi is attached.

With kind regards,

Yours sincerely,

(Rajnish Jain)
