FEEDBACKS

I had got an opportunity to interact with the foreigners and know a bit about their culture. I would like to say that it is the boon of virtual world that we got a chance to present our culture also to the foreign guest. At the time when I was idling in lockdown period, I got the chance to join this program and all the credit goes to our professor of English Department Dr Somali Gupta Mam for providing this wonderful platform.

International Cultural Exchange or 'ICE' is a very creative approach towards our overall Personality Development. It not only helps in boosting confidence but also makes us learn about the culture and mentality of our foreign friends. We also make them aware of our great culture, traditions and policies. Though I've been the part of this programme only since last 2 meets, I've enjoyed having a conversation. It helped me a lot in improving my vocabulary skills. It also helped me in reducing hesitation and stammering while talking. Programmes like this should be made as an integral part of our syllabus as it develops speaking skills which is very important in present scenario.

ICE provides the platform which every student probably aspires to reach, this team makes them aware of the invisible talents of the students. Where it seemed like a dream to talk to the people of the abroad, seeing whom we did not even speak a single word from the mouth of Indians, but today after participating so many sessions of this team, English speaking and talking has become easier. The purpose English Learning Through Exchanging Culture is fulfilled.
