Department of Botany

Activities involving development of human resource with expertise in Frontier areas of plant sciences

With the vision of well being of the common man through plant sciences and strengthening the students to face the challenges with dignity, the dept of botany had organised various activities regarding Mushroom cultivation in recent years.

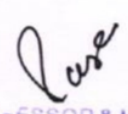

Activities are as follows:-

1. Program on Mushroom cultivation and its prospects on 28/09/2016
2. Mushroom cultivation program on 01/07/2021

During these programs students learnt the art of mushroom cultivation and grew mushrooms in their respective homes and villages. Through this the department develop the human resource through the students growing the mushrooms which helped them in raising their economy through self earning. Mushroom cultivation is growing as a business among commercials which allows to involve more and more capital in this field. Students who learnt the art of mushroom cultivation not only grew mushrooms in their home but also taught the people of their respective villages and area about this art and introduced them to a new source of income through mushroom cultivation. This fulfilled the mission of developing human resources with expertise in Frontier areas of plant sciences. These activities also contributed to the well being of the common man and also strengthened students and provided them exposure to the challenges which comes in this type of self employment opportunities.

साइंस कॉलेज में जीएसआई के पूर्व डायरेक्टर नितिश का व्याख्यान

पुस्तकों के गहन अध्ययन से ही सफलता संभव-दत्ता

• खबरें विद्युत • दुर्र
www.nacharst.org

पुस्तकों के गहन अध्ययन से ही सफलता संभव है, वर्तमान मोबाइल के युग में विद्यार्थियों ने पुस्तकों की हार्ड कॉपी अध्ययन करना कम कर दिया है, यह उचित नहीं है, किसी भी विषय के गहन अध्ययन हेतु संबंधित पुस्तकों का विशेष महत्व होता है।

ये उद्गार भारतीय भूवैज्ञानिक सर्वेक्षण के सेवानिवृत्त डायरेक्टर जनरल नितिश दत्ता ने शासकीय विश्वनाथ यादव तामस्कर स्नातकोत्तर स्वशास्त्री महाविद्यालय के भूगर्भशास्त्र विभाग द्वारा आयोजित आमंत्रित व्याख्यान के दौरान व्यक्त किए, श्री दत्ता बड़ी संख्या में उपस्थित भूगर्भशास्त्र के स्नातक एवं स्नातकोत्तर विद्यार्थियों को संबोधित कर रहे थे।

उन्होंने भूगर्भशास्त्र विषय की महत्ता बताते हुए कहा कि मूल रूप से फील्ड अध्ययन पर आधारित इस विषय में रोजगार की अपार संभावनाएं हैं, उन्होंने छत्तीसगढ़ प्रदेश विशेषकर बस्तर अंचल को भूगर्भशास्त्र का प्राकृतिक संग्रहालय बताया।

भूगर्भशास्त्र विभाग द्वारा प्रदर्शित चट्टानों, जीवाश्मों, खनिजों के नमूनों के प्रदर्शन की तारीफ करते हुए उन्होंने कहा कि प्रायोगिक कक्षाओं के दौरान इस प्रकार के खनिजों की उपलब्धता से विद्यार्थियों को विषय समझने में आसानी होती है।

भूगर्भशास्त्र विभाग के प्रमुख डॉ. श्रीनिवास देशमुख ने भूगर्भशास्त्र विषय की वर्तमान प्रासंगिकता पर विस्तार से प्रकाश डाला, प्राचार्य डॉ. आर.एन. सिंह ने कहा कि छत्तीसगढ़ प्रदेश खनिज सम्पदा से भरपूर है, हमें इन खनिजों के दोहन का इस प्रकार प्रवास करना चाहिए कि पर्यावरण को क्षति न पहुंचे, श्री दत्ता के व्याख्यान के दौरान विद्यार्थियों ने अनेक प्रश्न पूछकर अपनी जिज्ञासा का समाधान किया।

The department of Hindi is committed to exploring the very rich oral tradition of Chhattisgarh inherent in various forms of folklore or oral lore so that it would be preserved and documented to some extent, as envisioned in the Vision statement of the department. Similarly, an ample amount of written text is lying unexplored in this region in Chhattisgarhi dialect and Hindi which is going to be lost and become redundant in the years to come. The study and exposure of contemporary literature are quite necessary. Keeping this in view the department strives to focus its research endeavours in the field of folk and contemporary literature of Chhattisgarh.

During 2020-21, 03 Ph.D. scholars in the department received their research degree pursuing their work on local and folk literature of Chhattisgarh. Total of 09 scholars are registered in the session 2020-21 to pursue their research in folk and contemporary literature of the region.

Department of English

Language lab Activities

The Department of English has been making constant endeavours towards developing Communicative English language competence amongst students. Invited lectures by Experts, 3 month course in Spoken English are a few of the steps that the department has taken to fulfil its mission. In its latest endeavour the department has procured a new soft ware Words Worth for Computer aided learning of English and an Online International Cultural Exchange Program *Learning Culture through Language and Language through Culture* which is being conducted in 3 phases

Phase 1: 28.03.2020 to 25.05.2020 (Session 2019-2020)

Phase 2: 19.01.2021 to 19.06.2021 (Session 2020- 2021)

Phase 3: 02.09.2021 to May 30th (Session 2021-2022)

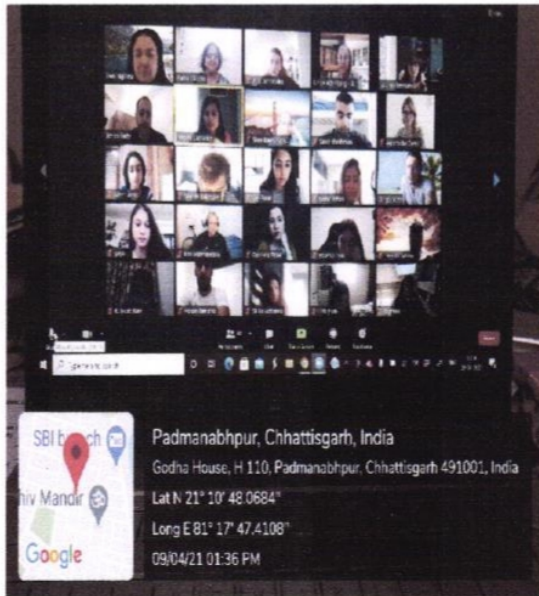

The English Language Lab opened a unique way to teach students about both the culture of the world and English language. In the first phase(session 2019-2020) guests from 4 countries addressed the students regarding the culture of their country. The 2nd phase (2020-2021) was launched in a more planned manner with a target of exposing the students to the culture of 10 different countries through guests who are native speakers of those countries. In the Third Phase (2021-2022) the guests are now speaking on more theme-based topics along with the culture of their country. Festivals and commemorative days of other countries are also being celebrated. The Independence Day of Vietnam was celebrated in which Mr. Le The Hien from Vietnam was present as a Guest of Honour. More lectures and presentations are scheduled for the 3rd Phase.

In this program students practice their language skills through various tasks while learning about another country and their culture. They make presentations regarding cultural aspects of India to the guests, make flyers, introduce the guest and offer the vote of thanks and also conduct the programme. While making their own presentations on Indian Culture the students do a lot of research while they also learn about other cultures while listening to the guests.

Recently the students were engaged in a Student Exchange programme with Serbia in which the Indian students made presentations and spoke to the Serbian students about Indian culture on 26.11.2021. The Serbian students addressed the Indian students regarding Serbian culture on 03.12.2021. The Q & A session that followed each session was very enriching.

The department also conducts Virtual Cafes with students of English Studies Unit Braude Academic College of Engineering, Karmiel, Israel and Centre for Foreign Languages Humanities and Social Sciences Wroclaw University of Environmental and Life Sciences Poland.
